

## FUNDY SHOOTING SPORTS INC.

Minutes of Meeting April 10, 2018

Meeting Called To Order at: 7:10 p.m.

Adoption of minutes of meeting of March 19, 2018

Moved by Dave Anderson, seconded by Wayne Johnson

### Treasurer's Report:

The Treasurer's Report was read to those in attendance.

### Old Business

- Bill Nason said the recent ammunition order for 9 mm was very popular with members, to the point that his original choice for a supplier (Western Metals) was not willing to complete the purchase. Thanks to our good relationship with the Gun Dealer in McAdam we were able to source the remaining stock to fulfill the order. Please ensure that you pay for and pick up your ammo as soon as possible.

### New Business

- Tye Barter reminded members that our annual work detail at the range will take place Saturday April 21. There is a pdf file on the website under "News" for April detailing jobs to be completed. Please plan on attending to get the range ready for another season.
- Rob Roy discussed a meeting that took place at the range several weeks ago between him, a representative of the property owner, and Dave Greene. The proposed changes to the rifle range and shotgun range were explained in detail to the representative so they can advise decision makers of our request. The meeting was positive and professional and we stressed the advantages for safety and usability the changes would allow.
- Wayne Johnson started a discussion about bill C-71, the proposed changes to the firearms act brought forward by the Trudeau Liberals. The record keeping requirements and invasive lifetime background checks do nothing to prevent gun crimes and will make firearms owners personal information available to anyone who looks at the books. Once again legitimate gun owners are being targeted rather than criminals who break the law with firearms.
- Bill Nason said that in his dealings with Western Metals he was reminded that people will make up rules as they go with no basis in law. He was asked by the supplier for information that has no bearing on the purchase he was making. Bill reminded members to not share their personal information when it's not legally required.

Motion to adjourn by Danny Adams at 7:40 p.m.

Next Meeting at 7:00 p.m. May 8, 2018

Bill Nason, PRESIDENT

Robert G. Roy, SECRETARY
