Adoption of minutes of meeting of July 11, 2023

Treasurer's Report:

The Treasurer reported to those in attendance.

Old Business

- Bill Nason said our National Range Day event had a low turnout with 58 participants out of 78 registered with 5 walk-in's. As a result revenue after expenses was a disappointing \$535. Dave Greene made a motion to round up to \$1000 to donate to the CCFR, seconded by Trevor Little; motion carried unanimously. Member Greg Matthews attempted to cut the conveyor belting but it is so heavy the job requires more than 1 person; Paul Holder mentioned that the belting has a soft side and a wear side and has to be put on the target frames correctly or it's very difficult to get push-pins into the material. A member contacted Gulf Operators and verified that they use utility knives to cut the material; there is no "easy" solution.
- We are seeking members to step forward and organize next years Scout event, which Dave Greene has been doing for the last 16 years; Dave will train on all aspects of what is required. The clock is ticking to submit our application to the NBWTF for a significant grant to help offset costs; it has to be sent in before October.
- The 100 yard gong has been repaired and returned to service.
- Match director Jody Waring conducted a black badge pistol course in July with 6 attendees.
- The RNBRA presented a Range Safety Officer course in July with 15 members taking part – they are essential for our club to continue having our very popular pistol & carbine competitions.

New Business

- Dave Greene said the bank statement for July has been received & balanced.
- Our youth shoot event scheduled for August 12th only has 14 participants signed up. There are excellent prizes and a good chance to win a Ruger 10/22 by draw.
- The 18th annual Dana Russell memorial shotgun shoot takes place September 9th, shoot fee is \$60 and limited to 30 shooters only. Contact Dave Greene to register, there will be lots of prizes and a great day out.
- Bill Nason asked new members to remain after the meeting for range safety orientation.
