Treasurer's Report:

The Treasurer reported to those in attendance.

Old Business

- Dave Greene said income statements for last year are available to any member who wishes to review them. Bass Pro Shops donated a shooting vest, rifle case, and hearing protection/eye protection kit for prize giveaways at our Scout event later this year. Holman Insurance were once again chosen for coverage this year as they have the best rates by a significant margin. The ePetition regarding the Trudeau government's upcoming semi-auto ban is closed. There were a record number of signatures at over 175,000; there are over 2 million PAL holders in Canada so the response should have been much better.

New Business

- Dave Greene said the bank statement for February has been received and balanced. We have received confirmation from the DNR that our club is registered for the transport of non-restricted firearms to and from the range and/or organized shoots throughout the province. Ensure you carry your membership card while doing so to avoid unnecessary legal problems. Emails sent to the membership continue to have a low rate of being read with only 58% opened; these emails let members know when the range is unavailable so they should be viewed. A thank you letter from the Waterville Cemetery Committee was received for our memorial donation to Jim Harper's mother. The RNBRA has given the club a number of high visibility targets for use on the 100 yard range. If members wish we can obtain more, please give us feedback. Dave has requested funding for athlete development (biathlon) and youth training from the RNBRA. Dave also mentioned the Gun Dealer in McAdam had a great deal on a Savage Model 64 F .22 semi for only \$150.
- Bill Nason asked new members to remain after the meeting for range safety orientation.
