

**Rifle Range & Misc.**

**Description of Work Required to be Done  
2024**

	<b>Owner</b>	<b>Material/Equipment Required</b>
Pick up any garbage around main gate		
Cut alder bushes on L/H side of roadway		
Fill pothole at edge of pavement		
Fill in potholes and washouts on main road		
Check bushes in front of sign at main gate		Get a couple of loads of 3/4" minus
Install stakes for culvert at base of hill		
Clean outhouses and stock w/paper	Dave G.	T-Paper in shotgun & main seacans
If not rotten, move the burn barrel in upper parking lot, if it is, put in the dumpster		Call JTR to bring dumpster to range - Done
Check and replace red/green safety flags and halyards where required	Dave G.	Spares in Shotgun Seacan
Range in use sign needs to be replaced.	Dave G.	Tye has made new sign and it is in main seacan
Paint secondary fence yellow		paint in main seacan
A few spots on the main seacan are rusting and need to be sanded and painted		paint in main seacan
On the 25/50 yard backstop, fill in spots where the bullet impacts have undermined the berm. Dig out the target holder bases that are buried.		Rakes and shovels
Replace damaged R/R ties on 25 & 50 yard target holder		R/R ties and spikes
Turn over shooting benches and rifle racks and coat feet with Pentox on 25/50 and 100 yard lines		Pentox in S/G seacan
Move lumber in main seacan to assemble shelving unit to put coolers on.		
Install rubber on 7 only 5' target frames and 6 only 4' target frames		Lots of rubber cut in main seacan
There are 6 only 4' target frames complete. How many do we want?		
There are 7 only 5' target frames complete. How many do we want		
Decide how many new target holders 4' & 5' to make. I would like to see 25 of each size		
Tidy up and sweep main seacan		

	Check we have gas and oil for mower and whipper snipper. Top off propane tanks		
	Fill in potholes on roadway to 100 yard targets		
	Drill holes in used casing buckets to let water out		
	Count lane markers for 25/50 and 100 yard lines	Dave G.	Have ordered from Tye
	Align patio blocks in front of main seacan		
	Install electrical outlet in green cabinet for 20W charger for cordless saw & drill		Member Chris Titus can do
	Make and install shelf, 20"W x 5'L, on L/H side of main seacan to hold microwave & coffee perk		3/4" plywood in seacan. Need to pick up brackets and s/s nuts and bolts
	Level Safety Area Table		
	Check expiry date on EpiPen	Dave G.	Jan-24
	Check battery on AED	Dave G.	
	Install wheelchair ramp on 25/50 yd line		
	Toilet needs to be pumped out and perhaps a 24" dia pipe put in to keep ground from collapsing into hole		24" Dia pipe x 3' (see if Jody can get). Will need backhoe
	Empty Misfired Ammo boxes	Lucas H.	I have spoken to him and he will do.

**100 Yard Range**

**Description of Work Required to be Done  
2024**

**Owner**

**Material/Equipment Required**

	<b>Remove any clay targets on side berm going out to the 100 yard line</b>		<b>Dave has telescopic pole to reach up</b>
	<b>Dump burn barrel at 100 yd firing line and put into garbage bags into dumpster</b>		
	<b>Paint steel table, do not paint studs</b>		<b>Yellow paint and brushes in main seacan</b>
	<b>Repair rifle rack and then stain</b>		<b>Stain in seacan - Order 2"x2"x8' PT</b>
	<b>On the 100 yard backstop, fill in spots where the bullet impacts have undermined the berm</b>		<b>Paul Holder knows what is required. Get Rakes and shovels</b>
	<b>Two of the verticle R/R ties need to be replaced.</b>		<b>Need back hoe. Railroad ties x 10' x 2 pieces</b>
	<b>Replace cross members for target holders on 100 yard line</b>		<b>8 ea- 2"x4"x12', 2 ea 2"x4"x10', 5 ea 1"x3"x8'</b>
	<b>Steel gong has no paddles</b>		<b>I think Blake is working on this</b>
	<b>Remove and repair 2 shooting benches</b>		
	<b>Pick up garbage in general area</b>		

## Pistol Bays

Description of Work Required to be Done 2024	Owner	Material to be purchased
The metal shroud around the lock on Pistol Bay seacan needs to be painted		Paint and brushes in Main seacan
Replace battery in seacan for lights		Put battery on charger and swap out for one in S/G seacan
Check new Seacan to see if still level		
Build steps up to new seacan		Determine material required
Check and replace red/green safety flags		Spares are in Pistol Seacan?
Old Seacan is infested with mice. Fix holes		Mouse bait is in seacan just needs to be put out and caulking done
Install fire extinguisher on interior seacan wall		Also, get Logan to inspect
Empty burn barrels and put debris in dumpster. One old barrel needs to be thrown out. Put in dumpster		Construction garbage bags
Level both Safety Area tables		
Remove rocks on small pistol bay berm		Dave has telescopic pole to reach up
Do we want to cover either of the back berms with jute and seed?		
Clean up spent shotgun wads in both bays as per the Department of the Environment		Leaf blower & rakes
Pick up garbage along side berm going to pistol bays and remove any large rocks		Dave has telescopic pole to reach up
Remove all broken and shot up wood & stands		
From the top of the stairs to the laydown area you can see the 25/50 firing line. We need to raise the top of the berm with sand bags.		Purchased 100 burlap bags, in Pistol Seacan
