

Rifle Range & Misc.

Description of Work Required to be Done	Owner	Material/Equipment Required	
Several trees along the Red Head Road have fallen down and need to be removed in order to be able to bushhog the road side		Chainsaw and manpower	
Check that our perimeter signs are 50 meters apart, trim any growth that blocks their view		Signs in main seacan	
Pick up garbage around main gate			
There is a low spot just inside the main gate on the left that collects water	Dave Greene	Loads of fill or culvert?	Done
The main roadway is full of potholes and washouts. I think 3 loads of 1/4" minus will do the job.	Dave Greene	Order 1/4" minus from Fundy Bay Sand & Gravel and arrange backhoe	Done
Out house needs to be cleaned. Need toilet paper rod 3/8" Dia x 14" long	Dave Greene	Hot water and Mr. Clean	
If not rotten, move the burn barrel in upper parking lot, if it is put in the dumpster		Bring dumpster to range	
Paint wooden secondary gate/fence yellow and install new sign.		Yellow paint (2 partial cans) and brushes in seacan	
Paint angle iron frame on stop sign on secondary gate		Paint and brushes in main seacan	
Are we going to put in some sort of flaging system at 25/50 and in the pistol bay as requested by the CFO? Where and how are we going to install them?	Jody Waring looking after Pistol Bays	Need to order material	Done
Level ground at 100 yard firing point for benches if required			
Can we build, at the end of the 100 yard firing line, a platform for shooting prone? Harrison Brown suggested 4' x 12' would be big enough?		4 super spikes and lumber. Dave has done a material list and will get pricing	

	On the top of 25/50 berm needs to be re-seeded with fertilizer, peat moss and then covered with the old hay from the shotgun field.		Seeds, fertilizer, hay pitch forks to spread hay
	Empty all burn barrels and take debris to dump		Contractor garbage bags are in the main seacan
	Purchase and install AED unit for life saving	Roy Byers	Getting quotes
	Rake out any ruts from snowplowing		
	Make target frames with 4' & 5' legs. We currently have 11 ea x 4ft and 8 ea x 5ft? of both sizes. There are Zero pieces of 3/8" belt cut to size. I would suggest making 5ft only for now. We use more of them		Order lumber and screws, How many of each size do we want to make? We use more of the 5 ft on the 25yd line. I have requested belting from Steve McLean at Source Atlantic.
	A few spots on the main seacan are rusting and need to be sanded and painted		Beige paint in the main seacan
	Turn over all shooting benches at 25/50, 100 & 200 yard positions and pentox the legs to prevent rotting. Do the same with all the picnic tables.		We have a can of End Cut in seacan
	Replace any lost or damaged buckets for spent shell casings, drill holes around rim to hang them and holes in the bottom for drainage		Pick up some ice cream buckets (12) if not enough in seacan, drill holes for drainage and hanging
	Replace all 10 cross bars, target holders and lane markers at the 100 yard target line. There are 16 pcs of 3/4" rubber cut to size in the main seacan		Will need 10ea 2"x4"x 12'. Order 1" x 3" to hold lane markers. Order a set of lane markers from Tye
	Fill potholes on 100 yard roadway		
	Return plastic barrells to central location that have been blown around over winter		

Signs received

	Remove 3 railroad ties from 100 yard area. Members are dragging them out and placing targets on them and shots are not being captured by the back stop		
	The gong needs to be replaced or removed.		Does Blake have one in inventory?
	Remove shot up rubber mats from old wooden frames and burn wood. Take rubbers to dump.		We will need a burning permit after April 15th. Put rubbers in dumpster
	Rake large rocks off grass by the main seacan		
	Install eaves trough on 25/50 yard firing point		53' of gutter + down spout
	Clean BBQ		
	Tidy up and sweep main seacan		
	Check we have gas and oil for mower and whipper snipper.		
	Take bottles and cans to recycler	Dave Greene	Done

Pistol Bays

Description of Work Required to be Done	Owner	Material to be purchased
The metal shroud around the lock on Pistol Bay seacan needs to be painted		Paint and brushes in Main seacan
Install door hold back kit on existing seacan	Jody	Kit is in seacan
Check new Seacan to see if still level	Jody	
Build steps up to new seacan	Jody	Determine material required
New Seacan deck to be built. What size to determine lumber.		
New Seacan roof trusses to be installed and roofed? What roofing mater to be used?		
Old Seacan is infested with mice. Fix holes	Jody	Mouse bait is in seacan just needs to be put out and caulking done
A container for misfired rounds in the pistol bay needs to be mounted on the outside of a seacan	Jody	Jody has sign and ammo box
We have obtained a roll of ¾" x 6" wide rubber that needs to be cut into pieces to make targets for the pistol bay. Do we still want to do this?		Delivered to Pistol Bay Apr 16/16
Empty burn barrels and put debris in dumpster		Construction garbage bags
Level both Safety Area tables	Jody	
One light is not working in seacan (not the bulb)		check wiring
Do we want a another rifle rack in the small pistol bay?		Determine material required
Do we want to cover either of the back berms with jute and seed?		
Clean up spent shotgun wads in both bays as per the Department of the Enviroment		Purchased leaf blower and rakes
Pick up garbage along side berm going to pistol bays		
Remove all broken and shot up wood & stands	Jody	
Take rubber lock flap off brown seacan in shotgun field and instll on yellow pistol pistol seacan to keep weather off lock.	Dave Greene	Drill and bit

Done

	Buy more BBQ starter	Dave Greene	Done
	From the top of the stairs to the laydown area you can see the 25/50 firing line. We need to raise the top of the berm.		

Shotgun Field

	Description of Work Required to be Done	Owner	Material to be purchased	To Order
	Some black touch up paint needs to be done on the #1 thrower platform and pipe		Paint and brushes in seacan. Ladder and/or staging	
	Strengthen supports for plywood stop for #5 thrower		2" x 4" x 8' PT and a stake	
	Make a wheel stop for the #7 Rabbit thrower		Pour a cement pad?	
	Replace upright and plywood on #9 thrower			
	Build cover for new #10 thrower (Battue)		Build wheel stops	
	Off to the side (towards #2 thrower) build a steel rack for all misc. steel pipe, tubing and angle	Dave Greene	Cut 2 old R/R ties at 100 yd. targets to form the base	Done
4	Paint the older shotgun container blue	Dave Greene	We have 4 gals of blue paint, rollers & trays & handles	
1	The roof in the Brown seacan in the Shotgun field has a hole in it somewhere.	Dave Greene	Trailer roof patch in seacan	
	Cover over winch needs to be repaired			
	Check 2" velcro mounts for wireless receivers and replace where required	Dave Greene	2" adhesive loop velcro in seacan	
5	Remove old bales of hay and replace. Suggest old hay be spread over 25/50 yard back stop	Roy Byers	Purchase 12 bales from Roy Byers	
	Check the battery acid level in all batteries & load test	Dave Greene	Distilled water level checked in the fall. Need to load tested. Done, 2 batteries bad and have been replaced.	Done
	Reset 5 stand lane markers	Dave Greene	Tape measure and stakes	Done
	Remove hornet's nest under the brown seacan if still there?			
	Clean up shotgun wads on shotgun field as per the Department of the Environment	Roy Byers	Purchase Leaf Blower, garbage bags and rakes	Done
2	#7 thrower protective wall needs repaired	Dave Greene	Need Super Spike	Done
3	#5 Thrower protective wall needs repaired	Dave Greene	Need Super Spike	Done
	Install wobble base on Atlas AT-250	Dave Greene	Base is in blue seacan	
	Sweep broken clays off the conveyor belt	Roy Byers	Stiff broom in blue seacan	Done

	5/4" x 4" x 12' PT Decking	2" x 6" x 10' PT	2" x 6" x 12' PT	4" x 4" x 10' PT	4" x 4" x 8' PT	2" x 4" x 14' PT
Prone Platform 4' x 12'	25	10	2	4	4	2

	2" x 4" x 8' Spruce	2" x 4" x 10' Spruce
Target Frames 4 Ft and 5 Ft	20	12

	2" x 4" x 12' Spruce
100 yard target line	10

	2" x 4" x 8' PT	48"x96"x3/8" PT Plywood	2"x6"x8' PT	
Repairs to Clay Thrower Platforms	4	2	2
